Order of classes:

Beginner Parkour	BP
Beginner Tungo	BT
Novice Tungo	NT
Novice Parkour	NP
Novice Challenge	NCh
Intermediate Parkour	InP
Intermediate Tungo	InT

Participants are responsible for familiarizing themselves with the rules and policies of Canine Hooper Canada (CHC); these rules can be found [here](#).

Registration: All dogs and all participants handling a dog must be registered with CHC and have an ID number. Please complete your member and dog registrations before entering our event.

You can find member registration information [here](#)

You can find dog registration information [here](#)

Measuring your dog: All dogs must be measured to ensure they compete in the correct size category – small, medium, or large.

Measurements are taken from the inside bend of the wrist to the tip of the elbow; this measurement is the length of the ulna bone.

Division	Ulna Length
Small	5" or under
Medium	over 5" to 7"
Large	over 7"

There are now two entry categories:

Regular: Dogs continue to enter by rules for size: Small, medium or large

NEW PREFERRED Division

“For dogs that find completing full courses too demanding due to physical challenges. This includes veteran dogs and those with medical or other physical conditions. The Preferred Division offers courses with shorter sequences”

Dogs that are veterans in agility are permitted but not obligated to run in the Preferred division. This will be at the owner’s discretion

Teams may switch from Regular to Preferred Division at any time and in any level from Novice to Proficient.

Preferred courses have a maximum of **16 obstacles**, but all other aspects such as distance, bonuses, times and rules remain unchanged. Size measurements also remain the same: small, medium or large

Please note that once a dog has entered the Preferred Division, they must continue to run in that division and no longer qualify for the Regular division

Levels Overview:

Beginners (optional): Beginner is now an optional INTRO class for dogs that may not have the distance or skills required for the Novice level. Dogs do not require a title in Beginner to move to Novice but must enter only one level for each class

- All dogs must title in Novice to progress to the Intermediate level

Beginner Level: 12-15 obstacles, spaced 16’ to 18’ apart. 20’ for turns. Max distance challenge using CL is 25’ to 30’ and using DHB is 20’ to 25’.

Novice Level: 15-20 obstacles, spaced 16’ to 14’ apart, allowing extra for turns. Max distance using CL is 35’ – 45’ and using DHB/DHA is 30’ to 35’.

Intermediate Level: 18-25 obstacles, spaced 18’ to 26’ apart, allowing extra for turns. Max distance using CL is 45’ to 55’ and using DHB/DHA is 40’ to 45’.

Classes Overview:

Hoopers class: Courses designed using mainly hoops. One/two barrels or gates permitted in B/N. Points gained in the Hoopers (H) classes count for progression in this class only.

Parkour class: Courses designed by using a combination of hoops, barrels, tunnels, and gates. Points gained in the Parkours (P) classes count for progression in this class only.

Tungo class: Courses designed by using mainly barrels and tunnels; 1-2 gates are permitted. Hoops are used at the start/finish. Points gained in the Tungo (T) classes count for progression in this class only.

Earning Class Points: Points are earned by completing a run without faults and under course time (a “clean run”).

Clean run, under 45 seconds: 10 points

Clean run, under 90 seconds: 5 points

Earning Extra/Bonus Points: Extra points are earned by successfully completing the distance challenge; the team must also be clean under course time.

Distance handling box: 5-20 points

Challenge lines (B/N/I): 5-15 points

NEW Challenge class: A distance handling only class, with one distance challenge. Running with your dog is not permitted for the CHC Challenge Class

The final score is determined by subtracting any faults from the maximum bonus points available: 20 for DHB/DHA. However, if the handler steps on or outside the handling area boundary, the team is eliminated and receives no score for that run. They may, however, choose to complete the course

General Rules:

- Competitors are responsible for ensuring their dogs are adequately trained to a safe standard for the nature of the competition entered
- Dogs suffering from a contagious disease or that have been in contact with any dog suffering from a contagious disease must not be brought to the trial venue
- It is the competitor's responsibility to be available for their class
- While competing, dogs can either have their collar removed or wear a close-fitting flat collar with nametags that are flush fitting. No hanging tags or similar may be attached to the collar. No choke, harnesses or head collars are permitted while competing
- All awards must be collected on the day of the trial
- All dogs must at all times, be kept under proper control in all areas of the trial venue
- Owners/handlers are responsible for cleanup after their dogs in all areas of the trial venue

- No person shall carry out any physical disciplining or excessive harsh verbal correction of a dog at any time during the trial
- A silent toy may be carried by the handler when running FEO only
- Competitors are expected to respect space from other dogs and handlers, especially in the case of reactive/sensitive dogs

- Competitors are expected to keep 6 ft back from the ring boundary when the ring is in use
- Dogs are not allowed to lunge at the rings, other competitors, or their dogs

- Prior to course walking, judges may run a white dog or ask for a white dog to be run in order to check their lines etc. White dogs are not allowed to compete in the same class they run as a white dog
- Handlers must not make deliberate contact with any of the equipment during their run
- Handlers must not pass over or through any piece of equipment during their run

- Dogs and handlers may only enter the ring once instructed to do so
- Dogs may only enter the ring in order to complete their run and should not be in the ring at any other time
- Toys and any other handler belongings must be left outside the ring or in the exit pen and not within the ring boundary. (If placing in the exit pen, this should be done prior to entering the ring)
- Leashes must be left at the gate (for the leash runner). The leash cannot be left in the DHB or dropped at the start line. If the handler decides to keep the leash, then it must be secured in a pocket prior to the run starting. If the dog interacts with the leash once their run has started and prior to finishing their run, they will be eliminated.
- No food within the ring boundary

All participants must agree to and provide a signed electronic copy PURE Dog Agility & Training Waiver of General Liability. (agree to during entry process)

hope to
see you
there
